# TABLE OF CONTENTS

## Chapter 1. Introduction

1.1 Scope ................................................................. J–1
1.2 Objective ............................................................. J–1
1.3 Definitions and Abbreviations ................................. J–1

## Chapter 2. Quality Assurance Program Requirements

2.1 Objective of Quality Assurance Program .................. J–5
2.2 Applicability and Scope ........................................... J–5
2.3 Quality Assurance Program and Manual Requirements .... J–5
2.4 Management Responsibility ....................................... J–6
2.5 Production, Inspection, and Test Planning ................. J–7
2.6 Corrective and Preventive Actions ............................. J–8
2.7 Document Control ................................................... J–8
2.8 Measuring and Testing Equipment ............................ J–9
2.9 Purchasing/Subcontracting ........................................ J–10
2.10 Incoming Inspection ............................................... J–11
2.11 In-Process Inspection .............................................. J–11
2.12 Final Inspection ....................................................... J–11
2.13 Inspection Status ................................................... J–11
2.14 Identification and Traceability ................................. J–12
2.15 Process Control ....................................................... J–12
2.16 Preservation, Packaging, and Shipping ..................... J–13
2.17 Quality Records ...................................................... J–13
2.18 Nonconformance Control ......................................... J–14
2.19 Quality Assurance Program Review and Manual Revision... J–14
2.20 Process Capability/Statistical Methods ..................... J–15
2.21 Internal Quality Audits ............................................. J–15
2.22 Training ................................................................. J–16
2.23 Contract Review ...................................................... J–16
2.24 Design Control ....................................................... J–17

## Chapter 3. Administrative Provisions

3.1 Scope ................................................................. J–19
3.2 General ................................................................. J–19
3.3 Initial Application Process ......................................... J–19
3.4 Facility Audit for Initial Certification ......................... J–20
3.5 Adverse Audit Finding Reports ................................. J–20
3.6 Facility Responses to Adverse Audit Finding ................. J–21
3.7 Certification ............................................................ J–21
3.8 Maintaining Certification .......................................... J–21
3.9 Procedure for Change Notification ......................... J–22
3.10 Denial or Withdrawal of Certification ........................ J–23
3.11 Request for Reconsideration ......................................................... J–23
3.12 Appeals ................................................................. J–23
3.13 Status of Existing Facility Certification Pending Review/Appeal ............... J–24
3.14 Confidentiality of Quality Assurance Information ................................. J–24

Chapter 4. Reserved

Chapter 5. Reserved

Chapter 6. Quality Assurance Committee
6.1 Responsibility ................................................................. J–29
6.2 Membership ................................................................. J–29

Chapter 7. Quality Assurance Nonconformance Reporting
7.1 Objective of Nonconformance Reporting ........................................... J–31
7.2 Reporting Forms for Nonconformance ............................................. J–31
7.3 Review of Reporting Forms ....................................................... J–32
7.4 Reporting Form for Nonconformance Response ................................ J–32
7.5 Verification of Responses ......................................................... J–33
7.6 Adequacy of Response ........................................................ J–33
Fig. 7.1 Process map for nonconformance reporting .................................. J–34

Appendix A Reference Guide ................................................................. J–35
Appendix B Intentionally Left Blank ........................................................ J–41
Appendix C Views and Interpretations ..................................................... J–43
Appendix D Recommended Practice for Internal Quality Auditing ............. J–49
