Damage Prevention
Product Vendor List

Revised January 23rd, 2026

Purpose:

This list is provided as a service to rail customers and member carriers. The Association of American Railroads does not endorse or guarantee the use or reliability of the products produced or distributed by the vendors listed herein. Products listed are load securement dunnage produced or distributed by the vendors listed and does not reflect their approval or specific use for rail transportation. Reference circular documentation, closed car and intermodal loading guides or GIS documents for information on load securement dunnage and application for rail transportation.

This list is not a complete list, and any vendors not shown have not been intentionally left out. Addresses shown are generally the company's headquarters office address. Each company may also have regional offices and/or regional contacts for product availability and distribution.
