H = Heat-sealed (hot knife) joint
F = Friction-welded joint
S = Seal, approved metal (metal seal joints must be approved systems)

Strapping in the table above may be used only where specified in an approved figure or as an allowable substitution for steel banding under the applicable figures in Sect. 5. Strapping in the table above is for smooth sided polyester plastic type strap only unless otherwise denoted.

- ^{a/}Associated with Signode Industrial Group as a manufacturer employing common production procedures and specifications.
- ^{b/}Friction-weld only approved joint type.
- ^{c/}Embossed Only Type Strap.
- ^{d/}Associated with Samuel Manutech Strapping Companies as a manufacturer employing common production procedures and specifications.
- ^{e/}Heat-sealed only approved joint type.
- ^{fi} Smooth and Embossed approved.
- ^{g/} High Elongation PET Strapping.
